Protein Team Produces Molecular Barrels

Researchers show that two protein machineries collaborate on the development of barrel structures in the mitochondria

//

Guest Speaker Seminar on December 8, 2009

Prof. Dr. Gottfried Schatz, Biozentrum Basel: "What it takes to succeed in science"

//

Guest Speaker Seminar on October 15, 2009

Prof. Dr. Thomas Junker, University of Tübingen "Creationism and Intelligent Design: Who is afraid of Darwinian Evolution?"

//

1st Annual PhD Retreat on September 11-13, 2009

Yuri Lazebnik, Cold Spring Harbor Laboratory, USA "Can a biologist fix a radio? - Or, what I learned while studying apoptosis"

//

1st Annual PhD Retreat on September 11-13, 2009

Karl Hofbauer, Biozentrum, University of Basel, Switzerland
"Industry and academia: bridging the gap" //
